

## KonMari Method™ Coaching Rates

I offer a commitment-free initial consultation which covers the clothing category, priced at **\$375** for 4.5 - 6 hours which will transform your closet. If you would like to continue working with me to tidy the rest of the home, I offer time-bound coaching packages:

**\$1500** for 1 month of coaching including 4 sessions\*. This is ideal for someone living in a small-medium apartment, or clients willing to put in lots of homework on their own.

**\$2800** for 2 months of coaching including 8 sessions\*. This is the ideal package for someone living in a medium-large home, or clients who need support every step of the way.

**\$3900** for 3 months of coaching including 12 sessions\*. This is ideal for a couple or small family using a combination of shared & private sessions to organize the entire home.

\*Sessions are ideally booked within the time-frame specified, though special exceptions may apply.

\*The initial consultation is separate, and not counted as one of the 4, 8, 12 sessions.

\*Additional sessions may be required to fully tidy the home, at my standard rate of \$75/hour.

**Early Booking Discount:** Purchase one of the above packages within one week of your initial consultation, and I'll discount the full amount of that session (**\$375**) off the package cost.
